

Lunch and Learn: The Omentum & its Impact on Cancer Survivors

Are you a cancer survivor, thriver or advocate? Or a student or medical professional looking to support this community?

Join us to hear about the Omentum (an immune/lymphatic system organ), its impact on cancer survivors when removed, and ways to help advance research in this space! **Lunch will be provided.**

What: What is the Omentum? Learn how you can help advance research for cancer survivors

When: Thursday, May 9 at 12 noon

Where: HopeClub (1 Penny Ln, Latham)

RSVP: 518-220-6960

Presented by:

The **Omentum Project** aims to improve the quality of life for cancer survivors living without an omentum through awareness, education, and informal research. theomentumproject.org
